

21 March 1980

Mr. Moroney:

1. Attached for your records is a copy of the 31 March 1978 memorandum for NFIB from its Chairman on establishment of the DCI Security Committee under R. W. Gambino and the establishment of the Community Security Group.

2. Obviously certain changes have taken place in the past two years which modify some terms of this memorandum:

- The current DDA has delegated his role relative to SECOM to D/Security, CIA.
- While the CSG supposedly subsumed the compartmentation security policy responsibilities exercised by the Special Security Center, in fact, the creation of a Special Assistant to the DCI for Compartmentation, the development of APEX, establishment of an APEX Steering Group with solid charter, and formation of the APEX Control Staff render most of this policy function responsibilities of the SSC moot.
- R. W. Gambino resigned. The Acting Director of Security has assumed the chair of the Security Committee.
- CSG's temporary location in Room 3E-05, CIA Headquarters building continues but space has also been provided in 3D-39.
- NFIB agencies responded to the Chairman's invitation to fill some of the positions in the CSG on a rotational, reimbursable basis. A senior agent from the FBI, Mr. William Johnson, and Col. Russel Newman from the Air Force, were selected and currently on assignment with the

CSG. Mr. Johnson handles matters related to physical security and Col. Newman deals with some aspects of personnel security. In addition,

[redacted] was contracted to assist as my principal staff officer in connection with the mechanics of SECOM management and in preparation of some policy papers and staff studies. To round out the membership of the CSG, I have

[redacted] from CIA assisting Col. Newman. There are currently two vacant positions

occupied until recently by [redacted] and

- The Director of Security, with approval of the DDA, established the position of Deputy Director for Community Affairs (DD/CA) to which I was appointed. As such I have been made a member of the OS management staff, a member of the GS-14/15 Panel, and a member of the OS Career Board. These duties are in addition to those of Chief, Community Security Group and Executive Secretary of the DCI Security Committee.

- As you are aware, the Director of Security recently relocated the Special Security Center and its Compartmented Information Branch under the DD/CA.

3. Recent discussion with the Acting Director of Security lead me to believe there are no further changes in this regard planned. The matter will be reviewed with the appointee selected as the new Director of Security and you will be informed accordingly should he elect to have a different line-up than now exists.

4. This information and material is provided for your information and to allow you to respond to questions by your personnel on the Charter and make-up of the CSG.
